Two Minor Reverses.

St. Petersburg, Oct. 11-Two minor Russian reverses are today reported since the advance from Mukden began. A.Sotnia of the Caucassian brigade under Prince Ordeliani went to Suchadzi on Saturday thinking it was occupied by the Passians. They encountered a force of Japanese who fired a volley at them wounding fifteen. The following day a Cossack post fell into an ambush and one was killed and nine

Russian Force the Larger.

St. Petersburg, Oct. 11-The general staff today reports that the Russian front about Mukden has been contracted to 30 versts in length. The Russian forces they say, exceed the Japanese by 25,00 men.

General Engagement Reported.

London, Oct. 11-A dispatch from Tokyo today says it is reported there that the Russians have crossed the Hun river in heavy force and are attacking the Japanese forces moving northward. Another report has it that a general engagement is in progress.

Russ'an Fleet Driven Back.

pensation, in addition to the concessions made in the commercial treatics already negotiated, is to be the support of Russia in the attempt to incorporate the Netherlands in the German confederation in the event of the death of Queen Wilhelmina without a direct heir.

A decisive engagement now seems only a few days ahead. According to unofficial reports Field Marshal Oyama, at the first sign of General Kuropatkin taking the offensive, be gan to draw in his line and concentrate upon fortified positions north of Liao Yang. According to the latest Bryan's Statement-Stalwarts May reports from Mukden the Japanese outposts are being driven in all along the line. The strategy of the forward movement will be concealed, as were the preparations for the advance, so that all surmises as to where General Kuronatkin intends to strike are mere guesswork. It is not clear whether General Kuropatkin contemplates a blow on the left, center or right of the Republicans came to an agreement on Japanese army, but the fact that stress is laid upon the capture of Bentsiaputze, which opens the road and fords to Bensihu, 20 miles east of Liao Yang, where General Kuroki crossed, and that Cossacks are already report ed in the neighborhood of the stream, might foreshadow an exact reversal of the battle of Liao Yang, this time the as secretary of state, if elected, any Russian commander flanking and turning Liao Yang with his left as Field Marshal Oyama did with his

Several officers of the Russian general staff, while not underestimating the heavy task and severe sacrifices that are involved in assuming the offensive, nevertheless express absolute confidence that General Kuropatkin has found a weak point in the Japanese armor. Different explanations abound as to the reason for making the forward movement at this time. The advance is attributed to a realization by General Kuropatkin of the difficulty the Japanese have encountered in making good their losses at Liao Yang and replenishing their supplies and ammunition, or possibly to the drawing off of a portion of the Japanese troops to reinforce General Nogi in a desperate endeavor to end the siege of Port Arthur.

Milwaukee, Wis., Oct. 11.-Considerable discussion is indulged in over the probable outcome of the political situation existing between the two Republican factions in Wisconsin. It seems to be the general opinion that when the executive committee of the stalwart state central committee meets some definite action will be taken regarding their ticket, but what this action will be can not be stated definitely. Many of the leading stalwarts expressed the belief that the Spooner stated that he had no more appointments to make speeches in the state at the present time, and Senator Quarles made a similar statement.

Davis and Hill Present.

Baltimore, Md., Oct. 11.-The campaign tour of Hon. Henry G. Russia Has Committed Serious Breach of Neutrality and Treaty With United States.

Washington, Oct. 11.--Upon representations of Postmaster General Wynne, the cabinet this morning decided that the protest of Dodwell & Company of Tacoma, regarding the seizure of United States mails on the steamer Caliham last July should be taken up by the state department. The first step will be a request to the Russian foreign office for the facts as to the seizure, whether mail taken was addressed to the Japanese government or to individual citizens of Japan. In the former case it is not probable that this government will pursue the matter any further. If, however, private mail is proved to have been confiscated by the Russians. steps will be taken for its recovery and for prevention of a similar occurrence in the future.

# TO BE DISTRIBUTED AMONG ADVOCATE SUBSCRIBERS EARLY IN NOVEMBER.

What will be the total vote cast for President in Newark and Licking County by all parties combined, on

This is a question we are all interested in, and to make it more interesting and to give The Advocate readers something to figure for The Advocate Printing Company has set aside \$500 to be paid in cash, in fine premiums and paid-up subscriptions to The Daily Advocate to be distributed among Daily and Semi-Weekly subscribers of The Advocate, who come nearest estimating the total number of ballots cast in Licking County at the Presidential election to be held November 8, 1904.

The conditions of this contest are as follows: Open to both old and new subscribers.

### THE DAILY ADVOCATE.

For every 50 cents paid in advance on THE DAILY ADVOCATE, the subscriber will receive the Daily five weeks and be entitled to one guess. Or if ten weeks are paid in advance at 10 cents per week, the subscriber will be entitled to two guesses and the Daily ten weeks, and so on, one guess given for every 50 cents

### THE SEMI-WEEKLY ADVOCATE.

Every subscriber, new or old, will be entitled to one guess for every 50 cents paid in advance. If one year is paid in advance, the subscriber is entitled to two puesses and so on, a guess being given for every 50 cents paid in advance.

No guesses allowed on subscription paid in advance before this offer was made.

The \$500 in Cash and Premiums will be Distributed as Follows:

The president of this republic takes an oath to support the laws he finds on the statute booksno more and no less.

In the case of trust legislatica Fresident Rocsevelt, when he assumed office, found not only the Sherman anti-trust act intact, but was confronted also with a universal demand for the rigid enforcement of all existing legislation against monopoly. So urgent did this demand become that in the early part of his administration congress appropriated \$500,000 to band over to President Roosevelt's attorney general, in order to assist him in prosecuting the trusts. The original bill for this appropriation set apart only \$250,000 but it was amended so as to double that sum, and this money

THE NEWARK DAILY ADVOCATE, was duly placed to the credit of the law department of the government for the specific rurpose named.

During a debate on the bill Congressman Littlefield of Maine, one of the most prominent Republicans in the house, presented a list of trusts him with great care and labor. His WHOM HE CALLS THE BASEST Republican colleagues and the Democrats as well, accepted it as authentic and comprehensive. Mr. Littlefeld cited 473 industrial trusts, in his opinion amenable to the anti-trus laws, and properly subject to the pros ccution contemplated by the appropriation bill under discussion. The combined capital stock of these conterns was estimated at about \$0,000,

In addition to all the resources of the government naturally at his command, President Roosevelt's attorney general was thus given half a million dellars with which to fight the trusts. It was expected to be expended for the best legal talent, detectives and whatever might be required beyond the already abundant means afforded the law department. Out of all this talk, legislation and preparation for a great reform era in the administration of the government, just exactly four cases have been instituted against monopolies, out of the 453 which Congressman Littlefield estimated ought to have been prosecuted. Of the four cases instituted one resulted in a paltry fine of \$1 000 and the three others are still hanging fire, A ifth case, instituted by a private citizen, Editor William R. Hearst, has been brought to a successful conclusion from the people's standpoint

SET IN THE LAND.

Speech in Which Roosevelt Assailed Bryan and Traduced Everybody that Supported Him.

Washington, Oct. 11 .- The Republican speakers and the press bureau of the Republican National committee are industricusly denying that President Roosevelt, when he was Police Commissioner Theodore Roosevelt, in New York City, in 1896, ever said that "Mr. Bryan and his adherents have appealed to the basest set in the land, the farmers.

Here are the facts and also some extracts from an interview that will prove interesting reading.

At a rally of the Sound Money Club at the Wool Exchange in New York City, October 27, 1896, the leading speakers were General Horace Porter and Police Commissioner Theodore Roosevelt. Mr. Roosevelt had but recently returned from a stemping tour of the West, in which he had devoted much time to Illinois. In the course of his speech at this Sound Money Club meeting at the Wool Exchange, he

"I shall confine my remarks to what General Forter has said about patriotism. Patriotism comes first and I hope you will not fail to display it

"Mr. Bryan and his adherents have appealed to the basest set in the land, the farmers

"If they are not so, then why do they believe that he can make a dollar out of fifty cents? He tells them it can be brought about by a free roy ally-the right to burn and plunder without the interference of the police.

"But this man back of Bryan, Governor Altgeld, of Illinois, is far more dangerous than the boy who is anxious to precipitate another civil war.

"Altgeld typifics the danger that walks in the night. He talks much, penny from his employes.'

In the course of this speech he also said that the delegates to the convention that nominated Altgeld were lunds-men who had been convicted of crimes ranging from pocket pick-

(The report of this speech was taken from the New York Journal of October 28, 1896.)

It appears that this speech was not reported in any of the Republican papers of New York but this is not unnatural because the time was near the close of the campaign and so much sentiments of the speech were expressed on the same day that the speech was delivered and printed as an inter view in the New York Sun of the same day that the New York Journal published the report of the speech.

Extracts from the interview follow: In October, 1895, after a stumping tour, chiefly through Illinois and Michigan, Theodore Roosevelt, then Folice Commissioner of the city of New York, gave a column interview to the New York Sun. This interview was evidently as carefully considered as Mr. Roosevelt ever considers anything. It was prolished in the New present, on the same side of the political fence as Mr. Roosevelt and anxious to do him honor in exploiting his vieys. In the course of the interview, Mr. Roosevelt said:

"Men who know that they have it feel the thrill of pride that comes with strong hands, stout hearts, and cool heads, do not see the necessity of being lealens of anybody. The strength of the Populists lies with the ignorant and vicious and also with the weak, who have not the intelligence not to others, but to themselves, but who wish to put the blame of their shortcomings on some one else."

"Undoubtedly Bryan as a great hold mon the unintelligent and the vicious. He attracts that type of farmer whose cate hangs on the hinge, whose old bat supplies the place of a missing window pane, and who is more likely to be found at the crossroads grocery store than behind the plough. He at you in 6 to 14 days, 50c.

# CONSTIPATION

is the first step on the road to disease. In its worst form it is a fearful disorder which destroys hope and brings despair and suffering to its victims. What is there in life for anyone afflicted with chronic constipation? Like a vampire it fastens on the system, poisons the blood, deranges the Liver and saps the strength and vitality of the sufferer. Pleasures and rational unpopuents are not for him. His life is argaged out in a miser pleasures and rational unpopuents are not for him. His life is argaged out in a miser able round of despondent days and steepless nights. Constipation if not checked in time results in Piles, Blood Poison, Rimmatism, Bright's Disease, Apoplery and Heart Disease. Are you a sufferer from Constipation? Check it! There is a way. Thousands have found it in

Vitona prevents and cures constipation. It is the only sure and scientific remedy for this trouble, because it acts directly on the blood, keeping it pure and wholesome. The condition of the Bowels, Stomach and digestive system depends upon the state of the blood. Vitona contains a certain ingredient discovered by a German chemist, which destroys the disease germs and keeps the blood in a healthy and active state. It is the action of this chemical that gives Vitona its peculiar power in the curing of constipation, whether mild or chronic. Get a bottle today. Price \$1.00. Newark, O., January S., 1904. The Life Plant Co., Canton Ohio.

Gentlemen-I write this as an open letter which you are at liberty to use as you desire. I was badly afflicted with Rheumatism for a number of months and suffered great pain almost constantly. My hands were swellen badly and my feet would swell so at times I could scarcely walk. I doctored with the local physicians, and tried many remedies recommended for Rheumatism, but found no relief until I took LIFE PLANT.

I saw your advertisements, and your LIFE PLANT has so many strong testimonials from prominent people who had been cured of Rheumatism by your remedy I concluded to try it. I am happy to state that one bottle cured me entirely. I have no more Rheumatism, no more swelling in my limbs, I am well and LIFE PLANT cured me. I have no hesitancy in pronouncing LIFE PLANT the greatest remedy for Rheumatism in the world, and heartily recommend it to all people so afflicted. I shall be glad to answer any letter of inquiry from afflicted people desiring to consult me.

Wishing you success, I am, Truly yours,

MISS SADIE PARSONS.

Newark, O., December 8, 1903. The Life Plant Co., Canton, Obio-

Gentlemen-My husband had Stemach Trobule very badly. The LIFE PLANT proved a most excellent remedy for him. I do not think he took three bottles in all. He had been under a physician's care, but his medicine did not help him at all. A friend told us of LIFE PLANT and said that a physician had recommended it to his wife when she was recovering from a serious sickness and that it had built her up. These parties live in Columbus. I determined we would try it and got a bottle at Frank Hall's drug store, here. In one week's time my husband telt benefitted. He had done no work for some weeks before this-totally unfit for duty. He remained at home for five weeks longer and took your remedy, then went back to work and has not lost one day from sickness since, has had no return of his trouble since. We keep LIFE PLANT in the house all the time and if not feeling just right we take some.

Respectfully yours,

> "It is a curious story, for this palace room is a great treasure even in Damascus. As you may know, I inherited from my father a love of art objects, and my whole life has been spent in . their collection. I came in contact from boyhood with people who appreciated rare and beautiful things and was commissioned many years ago to plan certain rooms in the palace at Gibraltar for the Duke of Connaught. These rooms were a success, and the duke and all his family, as well as the present King Edward, were very fond of them. This success gave me a certain prestige, and I came to be consulted by wealthy collectors. I had become acquainted with this very palace room, which stood with others among some ancient ruins in the Maidan, in Damascus, much admired by those who visited the city as well as

by the people of Damascus. "Frederick Leighton, afterward Sir Frederick, was an art lover and a close friend of mine, and he asked me one day if I had lately found anything of special interest. Of course I told him of the Damascus palace. His interest was at once kindled to enthusiasm, and he said to me, 'Benguiat, go get that for me."

The next morning when Mrs. Cavaleer got up she saw that several loads of pumpkins had been carred into the shed which were not there the evening before. When she called her husband's attention to it he was exceedingly surprised and thought his neighbors had played a joke on hon. He questioned them and was again surprised when they told him that he himself had carted them there during the night.

Spirit of Union Among the Feminine Sex

T is to be regretted that wealthy American women have so little interest in the welfare of workers of their own sex. Except in a miserable, patronizing way, which every self respecting wage earning girl must resent with all her soul, even though she were starving, many of our millionaire ladies stand aloof from the brave woman worker as though she were of meaner flesh and blood than themselves. It is true that in New York Miss

Grace Dodge has endeared herself to thousands of working girls by showing them how to establish clubs of their own for improvement and social pleasure. It can be said of her, too, that she does not look down on them from stilted heights of alleged superiority self created, but she makes them know she is their friend, like unto themselves, except that luck has given her more money, which she is quite willing to use in their service. She employs the leisure fortune has given her to study out ways whereby working girls may become happier, healthier and more intelligent without at all losing that sense of their own human dignity which is a priceless possession to man or woman. Her girls pay most of the expenses of their clubrooms their classes and their outings. It is unfortunate for us that Great

Britain has many more wealthy wo men of the Grace Podge stamp than America has. Over there the Countess of Warwick, the Duchess of Suther land, Sarah Grand, Viscountess Hab berton, Constance Smedley and many others hold out their hands on equal terms to their sister women and help them in that struggle which is now on the world over to break the old order of bondage for womanhood. Among professional women the In

ternational Lyceum club, established by Constance Smedley in London, i the beginning of a sisterhood of the feminine sex the world over. In Lon don, too, lately. Lady Hope has founded a club for the shopgirls of the city. There are many of these. Some o them, according to a London custom are housed and boarded on the prem ises of their employers. It is as if the owners of a great American department store should set apart a loft at the top of their building, divide it into compartments, start a kitchen and put their girl clerks in the loft to eat

When they are not eaged in this manner Loudon saleswomen too often are wretchedly housed in overcrowded quarters not fit for a good horse. To give all she can of them a little respite of cheer and breathing room Lady Hope established a clubhouse. It is a club to live in, so far as its accommodations freach. It has bedrooms for thirty-two shopgirls, with a cheerful dining room and parlors. In the entrance way are flowers and a pretty

WILHELMINA SCHIET.

A prominent Southern lady, Mrs.

Blanchard, of Nashville, Tenn., tells how she was cured of backache, dizziness, painful and irregular periods by the use of Lydia E. Pinkham's Vegetable Compound. "Dear Mrs. Pinkham: - Gratitude compels me to acknowledge the

great merit of your Vegetable Compound. Thave suffered for four years with irregular and painful menstruation, also dizziness, pains in the back and lower limbs, and fitful sleep. I dreaded the time to come which would only mean suffering to me. "Better health is all I wanted, and cure if possible. Lydia E. Pink-

ham's Vegetable Compound brought me health and happiness in a few short months. I feel like another person now. My aches and pains have left me. Life seems new and sweet to me, and everything seems pleasant and easy. "Six bottles brought me health, and was worth more than months

under the doctor's care, which really did not benefit me at all. I am satisfied there is no medicine so good for sick women as your Vegetable Compound, and I advocate it to my lady friends in need of medical help."—Mrs. B. A. Blanchard, 422 Broad St., Nashville, Tenn.

When women are troubled with irregular, suppressed or painful menstruation, weakness, leucorrhess, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, bloating (or flatulence), general debility, indigestion, and nervous prostration, or are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness,

sleeplessness, melancholy, "all-gone" and "want-to-be-left-alone" feelings, blues and hopelessness, they should remember there is one tried and true remedy. Lydia E. Pinkham's Vegetable Compound at once removes such troubles. Refuse to buy any other medicine, for you need the best.

A Severe Case of Womb Trouble Cured in Philadelphia. "Dear Mrs. Pinkham: - I have been

cured of severe female troubles by the use of Lydia E. Pinkham's Vegetable Compound. I was nearly ready to give up, but seeing your advertisement I purchased one bottle of your medicine, and it did me so much

good that I purchased another, and the result was so satisfactory that I bought six more bottles, and am now feeling like a new woman. I shall never be without it. I hope that my testimonial will convince women that your Vegetable Compound is the greatest medicine in the world. for falling of the womb or any other female complaints." - Mrs. MAY Copy, 2660 Birch St., Philadelphia, Pa.

Remember, every woman is cordially invited to write to Mrs. Pinkham if there is anything about her symptoms she does not understand. Her address is Lynn, Mass, her advice is free and cheerfully given to every ailing woman who asks for it.

The let on which it stands was ourchased from Peter M. Weddell by Geo Eaker, who built the structure. Eaker used it as a grain warehouse and sold it to Nothaiel B. Hogg, who also used it as a grain warehouse.

The building was then sold to New kirk & Wilson, who used it as a woolen mill. The members of this firm were Matthew Newkirk and B. J. Wil son, both of whom are dead.

A furniture factory then occupied the building for several years, conducted by Van Buren & Nelson In 1872 the building was purchased by the present owner, W. B. Laird, who for 25 years had a machine shop in it. For the past few years it has been used as a storage war room.
